Electromagnetic Spindle Brake

Owners of Bachi winders, you need a brake. A break from noise, constant adjustments, spindle turns overrun, and obsolete parts. Your maintenance break has arrived.

MCS now offers a complete electromagnetic "silent brake" conversion kit to replace your existing outdated mechanical solenoid/leather strap braking system. This conversion kit comes complete with parts, installation pictures and instructions. Take a twenty minute break and install this hassle free brake assembly. Your maintenance personnel, your coil winders and your pocketbook will love you for it. A field proven item, with a very attractive price is now a stock item.

Take a few minute break and order your brake conversion now.
